Job Description

(adsbygoogle = window.adsbygoogle || []).push({});

The University of Nairobi, a body corporate established under the Universities Act of the laws of Kenya and the University of Nairobi Charter, is the pioneer institution of University education in Kenya and the region. The only institution of higher learning in Kenya for a long time, the University of Nairobi responded to the national, regional and Africa's high level manpower training needs by developing and evolving strong, diversified academic programmes and specializations in basic sciences, applied sciences, technology, humanities, social sciences and the arts. Through module II (continuing education) programmes, invaluable opportunity has been opened to hundreds of Kenyans and non-Kenyans, on a paying basis, who meet university admission requirements, but who have not been able to access university education due to restricted intake into the regular programmes that is determined by limited resource allocation by Government.

About Job

Ref: AC/5/36/23

An applicant must be a holder of an earned PhD in Clinical Studies or the discipline of Ornithology on any other relevant clinical discipline from a University recognized by the University of Nairobi Senate.
