Summary

We are searching for Kenya's smartest and most caring clinical officers who want to become amazing all-around evidence-based providers.

Key benefits of this position:

Vision: To offer the highest quality healthcare and the best patient experience to everyone in Kenya profitably. Come help us make it possible!

Fun environment with an uncommon culture. You'll see it at our interviews.

We take smart providers and turn them into great all-around providers.

What's the job?

Treat patients with evidence based-medicine

Create phenomenal patient experiences

Increase our patient volumes

Continuously improve yourself

Be a great teammate and go above and beyond

Accurately enter data in our new high-quality Electronic Medical Records system

What's Our Culture

Being a clinical officer at Penda Health includes a lot more than your usual job. You treat patients independently and make your own decisions, with the support of guidelines and clinical mentors. And, you will sterilize equipment, dispense drugs, do ANCs and well-baby visits, make follow up calls, etc. Your charts will be reviewed monthly; you must maintain excellent scores. You will complete online training to empower you to deliver great patient care.

Requirements

At least 1 year of work experience after internship

Must have 1-year internship experience.

Registered with clinical officer's council and have a valid practising license

Package

Starting base salary is dependent on experience and qualifications

Strong benefits package including full medical cover for inpatient and outpatient for your whole family.

Lots of opportunities for growth over time – you can even become a branch manager!
