Company: JobWebKenya

Location: Kenya

Category: arts-design-entertainment-sports-and-media

### Job Description

(adsbygoogle = window.adsbygoogle || []).push({});

The European Climate Foundation (ECF) was established in as a major philanthropic initiative to foster the development of a net-zero emissions society and help Europe to play an even stronger international leadership role to mitigate climate change.

### Key responsibilities

Actively embody and uphold the values of the GSCC.

Contribute to the implementation of the communication strategy for Kenya.

Undertake social listening and data analysis on behalf of the team

Identify existing and emerging news narratives and suggest messaging recommendations based on the outcomes of this research.

Assist media engagement efforts of partner organisations and key stakeholders

Attend and participate in industry and sector-related functions, events, and conferences and provide feedback on such.

Assist in the conceptualisation and execution of written, video, and audio content to be distributed on key traditional and digital channels, specifically podcasts, docuseries among others.

Identify new trends and technologies in the digital space and integrate them into the

strategy where appropriate.

Provide support and assistance to colleagues and campaign partners in line with the strategy.

Work with project manager and network director to oversee department and project budgets (including some financial and administrative tasks)

## **Requirements**

2-5 years experience in a media or communications field.

Exceptional communication skills and strong organisational skills.

Strong written and visual communication skills, including how to devise framing for diverse audiences.

Fluency in English.

A team player and a natural collaborator with high levels of self-motivation and a passion for excellence

An individual used to working flexibly at a fast pace in remote settings and across time zones.

Willingness and ability to travel and work unusual hours from time to time, due to the challenges of being part of a global team.

The disposition to work generously with colleagues in a high-trust global community of peers.

Versatile and adaptable skills necessary to flourish in a fast-paced and wide-ranging work environment.

A commitment to an inclusive and empowering approach to facing climate change.

Understanding and experience of working within the climate and environment spaces in Kenya or Africa

Experience in Public and stakeholder relations- can easily network

Experience in audio and visual content creation

**Location:**

Candidates can be based anywhere in Kenya, working from a home office / remotely. Co-location with colleagues depends on location. We will not provide support for relocation.

### **What we can offer you:**

The unique opportunity to work as part of a highly dynamic, international group of individuals who combine their passion to make a difference with ambition and a rigorous and results-oriented approach to work.

A flexible work environment and the space to shape and continuously develop your role.

A fixed-term one-year consultancy contract (with a view to renew subject to funding).

A competitive remuneration.
