Job Description

(adsbygoogle = window.adsbygoogle || []).push({}); We are an international humanitarian organisation dedicated to tackling poverty and suffering in the world's poorest countries. Concern Worldwide began working in Kenya in May with the development of an urban programme in Nairobi. Our work expanded into a multi-sectoral programme focusing on urban and rural livelihoods, primary education, HIV and AIDS, water and sanitation, and health and nutrition in both Nairobi and Marsabit. In partnership with local organisations, Concern also responds to a number of emergencies in Kenya resulting from floods, drought and violence.

The Consultancy Assignment

The main objective of the assignment is to carry out detailed engineering design of the named water facilities and preparation of tender documents in line with project documents proposed water supply technology options.

Scope of Work

Assessment of proposed site and where applicable, existing infrastructure

Conduct engineering site topographical Surveys

On water pan sites, dig trial pits for soil suitability assessment

Preparation of detailed engineering design of the water system Including Hydraulic design of transmission mains and distribution network and hydraulic structures as per the proposed

works

Preparation of Engineering/ technical drawings, detailed scheme layouts and topographical survey profiles

Preparation of Engineers Estimates using standard bills of quantities in-line with proposed works

Preparation of Technical Specifications for construction works

Preparation of tender documents for construction of the works.

Preparation of Detailed Implementation schedule.

Schedule of equipment.

Approval of designs by a professional Engineer (duly registered by EBK) and the County Government

Submission of draft design documents for review by Concern Worldwide and WSTF.

Outputs

The expected out puts from this consultancy assignment include the following that must be prepared in line with Kenya's Ministry of Water and Irrigation (MWI) Design Manual and approved by Concern Worldwide, Department of Water and WSTF:

An approved detailed Design Report

Approved technical Drawings

Approved Bills of Quantities with engineers Estimates

Approved Tender Dossiers including Bills of Quantities, drawings, technical specification and proposed construction schedules.
