[Apply Now](#)

Company: Sonic Healthcare

Location: Kisumu

Category: healthcare-practitioners-and-technical

### **Job Functions, Duties, Responsibilities and Position Qualifications:**

#### **Quality is in our DNA -- is it in yours?**

You put the pro in medical laboratory professional. You've got problem-solving instincts, a passion for patient care, and the technical training to deliver quality results. You're also looking for great benefits, the support of an all-star team, and an opportunity to grow your career. Join our front line of #HealthcareHeroes! Our mission is to advance the health and wellbeing of our communities as a leader in clinical laboratory solutions.

This opportunity is full-time during first shift.

#### **In This Role, You Will**

Perform a vital part of the patient care process through examining prepared slides with the microscope to detect evidence of abnormalities

Use diagnostic codes report negative cases and refers abnormal cases to the pathologists for review

Keep records of work performed on daily basis

Work in a fast-paced laboratory environment

Champion safety, compliance, and quality control

#### **All You Need Is**

Graduation from an accredited school of cytology

1 year of laboratory training or experience performing high complexity testing

Cytotechnologist certification by the American Society of Clinical Pathologists

Strong reading, writing, and analytical skills

Ability to operate general laboratory equipment, including but not limited to: telephones, computers, automated analyzers, centrifuges, microscopes, manual and automated pipettes, and audible alarms.

### **Bonus Points If You've Got**

2+ years of laboratory training or experience

### **We'll Give You**

Appreciation for your work

A feeling of satisfaction that you've helped people

Opportunity to grow in your profession

Free lab services for you and your dependents

Work-life balance, including Paid Time Off and Paid Holidays

Competitive benefits including medical, dental, and vision insurance

Help saving for retirement, with a 401(k) plus a company match

A sense of belonging – we're a community!

### **We Also Want You To Know**

This role will have routine access to Protected Health Information (PHI). Employees will be trained on reasonable safeguards and are expected to maintain strict confidentiality, as well as abide by all applicable privacy and security standards. Employees are expected only to access PHI when it is required to fulfill job duties.

### **Scheduled Weekly Hours:**

40

### **Work Shift:**

1st Shift (United States of America)

**Job Category:**

Laboratory Operations

**Company:**

Pathology Laboratories, Inc
