Job Description

(adsbygoogle = window.adsbygoogle || []).push({});

Busia County Public Service Board seeks to professionally deliver service to the people of Busia with integrity and dedication through well trained competent and skilled man power

In all these achievements, she has derived her support and strength in God in whom she has always put trust and who she acknowledges never fails her. Her family has been by her side for support and encouragement

Advert No. CPSB/61/

Duties and Responsibility will entail:

Directing, controlling, coordinating and supervising the personnel dealing with design and institutions;

Construction and maintenance of all structural works in Government buildings and other public works (Marine and footbridges),

Formulation and implementation of policy matters on the welfare of the Structural Department.

Preparation and implementation of the department's performance management system and contracts;

Team building;

Overseeing the financial and asset management issues of the division;

Instituting operational accountability;

Securing and managing financial support for development plans and overall supervision, training and development of division staff.

Requirements for Appointment:

Must have:

Served in the position of Chief Superintending Engineer (Roads) in the Public Service for at least three year;

Bachelor's degree in Civil Engineering from a recognized Institution;

Master's degree in a relevant field will be an added advantage.

Registered with the Engineers Registration Board of Kenya (ERB);

Current valid annual Practicing license from the Engineers Registration Board of Kenya;

Corporate membership with the Institution of Engineers of Kenya (IEK);

Attended a Strategic Leadership Development Course lasting not less than Six weeks or its equivalent from a recognized Institution;

Demonstrated a high degree of professional competence and administrative capability required for effective planning, direction, control and coordination of structural and civil engineering development programmes;

Thorough understanding of National goals, policies and programmes and the ability to translate them to the Roads Engineering functions.
