About SunCulture

Founded in 2012, SunCulture's Vision is to build a world where people take control of their environment in rewarding and sustainable ways. SunCulture does this by developing and commercialising life changing technology that solves the biggest daily challenges for the world's 570 million smallholder farming households. We are the largest distributor of solar water pumps / solar irrigation for smallholder farmers in Africa and were selected by Fast Company as one of the World's Most Innovative Companies in 2021. Here is a good explainer video recently made by. Over the last 5 years the company has grown significantly and now employs 400+ people around the world.

About the role

The key responsibilities include planning, executing, and finalizing IT stream challenges to manage existing or new requirements by Business Users within agreed deadlines. This includes coordinating with other business units and IT team members. This role requires you to have sound technical development and configurations on out of the box platforms which SunCulture can procure to make IT operations smooth and achieve business goals. You are required to have the ability to improve and embed system/application/code/security policies and procedures aimed at evaluating and mitigating potential risks.

Your core responsibility is to ensure the completion, maintenance, and updating of SunCulture's IT systems. This will include identifying, evaluating, prioritizing, and integrating additional system-related updates. Your role also includes oversight of internal servers, applications, database, custom code, application configurations, support, and maintenance, as well as leveraging such information for business processes and strategic purposes. You are required to develop relationships with a wide array of stakeholders, produce periodic reporting, and maintain a sound management information system that will provide support for developing code, application configuration, database queries, monitoring tools & processes at SunCulture.

Key Responsibilities

Managing day to day operations of SunCulture's technology stack

Managing new releases and liaising with Business stakeholders to perform QA activities

IoT platform maintenance and configuration

Third-party tool configuration

Be a strong voice in technical cross-team discussions, includes supporting BI in daily stand-ups and scoping

Managing the Enterprise service desk (ESB)

Development of custom code to meet day to day business needs

Does this sound like you?

Agile with the ability to work in a fast-paced tech environment

Bachelor's Degree in Information, Communication and Technology, or equivalent and at least a Diploma in Analytics

2 years + of experience working in a similar field

Within the East African time zone by about 2 hrs on either side

Experience managing a complex stack of systems

Experience using cloud technologies (ideally AWS / Azure)

Experience using ESB technologies such as Kafka

Experience in IoT platforms is a major plus

Experience in software release management and automation

Strong eye for quality and experience implementing quality control procedures

Outstanding leadership and organizational skills

Excellent communication and problem-solving ability

Solid experience in directing & managing business user expectations for multiple tasks spread across multiple applications

Able to work in a dynamic environment with immense pressure that requires the ability to solve problems

Comfortable with ambiguity and able to plan, be organized, and adhere to deadlines

Proactive, collaborative, organized, curious, problem solver with a "can-do" attitude

Interested?

Please apply online via this job portal. We respond to all candidates; however only shortlisted candidates will be interviewed.

Please Note

SunCulture is an equal opportunity employer. All qualified applicants will receive consideration for employment without regard to age, ancestry, color, family or medical care leave, gender identity or expression, genetic information, marital status, medical condition, national origin, physical or mental disability, political affiliation, protected veteran status, race, religion, sex (including pregnancy), sexual orientation, or any other characteristic protected by applicable laws, regulations, and ordinances.
