Job Description

(adsbygoogle = window.adsbygoogle || []).push({});

The Danish Refugee Council (DRC) is a humanitarian, non-governmental, non-profit organisation founded in that works in more than 30 countries throughout the world.

Overall purpose of the role:

The Economic Recovery Assistant – Agronomist will be collaborating with farmers and crop researchers to conduct a detailed analysis of crop data. He/She will be expected to maintain a deep understanding of soil productivity principles and keep tabs on the latest trends and technologies in agronomy. Success in this role will be determined by providing valuable insights that lead to solutions that drive higher crop yields

Duties & Responsibilities: Responsibilities:

Project management and development:

Conduct soil, seed, and crop sampling using appropriate protocols and review data to inform decision-making processes.

Provide technical support to farmer groups, fodder and woodlot producers to improve crop production and pasture management.

Preparing and managing plans for crop improvement and enhanced production

Designing and coordinating land development projects for dryland agriculture and agro-forestry

Development and management of fruits, crops, and vegetable farms as well as pasture and greenbelt/woodlot establishments

Plant treatment and green space management (agricultural, forests and rural environments)

Conduct laboratory testing of plants, soils, seeds, and agri-food products

Assist in obtaining agricultural, agri-food, livestock, forestry, and environmental quality certifications.

Safeguarding environmental sustainability, safety and quality

Carrying out land-use planning in accordance with applicable legislation

Monitoring and reporting

Conducting FGDs for both men and women in the targeted projects areas regarding fodder production, indigenous trees nurturing, farming techniques preferences and associated challenges and lesson learnt.

Sending weekly/monthly updates on water resource management related interventions on a regular basis and accomplished milestone relating to environmental conservation initiatives and modern farming techniques

Support needs assessment and propose new ideas to improve farming techniques

Review learnings on water resource management activities and report to your supervisor

Based on need basis support the team leader(s) to prepare the donor reports

Planning and budgeting

Prepare activity budgets and submit to the Team Leader(s) to ensure project activities are carried on time.

Prepare weekly, monthly and quarterly plans and share with your supervisor with the aim of implementing them

Perform other duties as assigned by the supervisor.

Requirements

Experience and technical competencies:

Minimum 2 years' experience in a similar role

In-depth knowledge of soil and crop principles

Strong knowledge of agricultural practices, crop production, pasture management, and environmental sustainability.

Experience with land-use planning and agro-forestry.

Proficient in MS Office

Outstanding research and analytical skills

Effective written and verbal communication skills

Possess coping skills and the ability to function under pressure.

Ability to conduct knowledge transfer and effective training facilitation abilities/skills

Sound experience in planning and leading training sessions for refugees and host communities.

Education

Bachelor's degree in Agronomy, Agriculture, Agribusiness, Horticulture or a related field from a recognized institution or a related diploma

Key stakeholders:

All DRC staffs

Agricultural extension officers

Other INGO/NGO/CBOs

Local Authorities
