Mission To partner with clients and provide unparalleled expertise and advice across all aspects of Human Resource management to organizations across industry sectors whilst supporting the development of Human Capital skills.

Objective

The role will be to ensure efficient, timely and safe handling and movement of materials and equipment within and out of the plant using forklift.

The job holder will be required to ensure that he/she abides by the company's policy on Occupational Health and Safety, to report all workplace accidents and incidents and to promote the creation of a safety culture at the workplace.

Requirements

Qualifications

Minimum of a technical craft certificate.

Prior experience in operating a forklift in a busy operational setting.

Valid operational license for forklift.

Key Performance Indicator for this Role:

Zero product losses due to incorrect staking.

Zero accidents due to negligence/carelessness.

Zero breakdowns due to delays in maintenance (both preventive & autonomous).

Key Responsibilities and Duties

Conducting forklift safety checks every day to monitor and ensure safe use and running.

Inspecting and ensuring lifting accessories such as lifting belts and chains are in safe condition.

Lift, move and handle plant material and equipment in the safest way as per guidelines and instructions.

Ensure zero damage to both lifted loads and other equipment's/material during handling.

Staking of materials in a proper and safe storage manner as per material as per guidelines.

Monitor running condition of forklift and advice on any maintenance requirements.

Follow up and ensure forklift service is dully and timely executed.

Any other task assigned.
