### Job Description

(adsbygoogle = window.adsbygoogle || []).push({});

Summit Recruitment & Search was established in to address the recruitment, mass recruitment, executive search, outsourcing and training needs of companies based in Kenya or wanting to enter the Kenyan, East African, South African and African market. We have a leading proven track record in our field in South Africa, Uganda, Ethiopia, Tanzania, Rwanda, Nigeria, Zambia, Ghana and many other African countries. We are able to advise on market trends, training requirements, prevailing salaries and offer a complete HR Solution where necessary.

### Key Requirements:

Be able to estimate the fabric consumption and trims required for each sample and hence provide this accurate information to procurement for sampling and bulk production.

Support pattern maker in creation of patterns and grading based on client specification.

Oversee construction of samples and support sample machinists

Ensure sample construction planning is created in such a way that enables efficient smooth bulk production.

Ensure production team receive detailed clear information on client orders (based on sample construction planning) to deliver seamless production and delivery orders.

Oversee sampling team to work on fit comments received from clients and ensure accurate

amendments to patterns and samples to ensure smooth and fast approval of samples.

Liaise with the Product Development Manager and sample team to ensure fast turnaround time for the sample and at the same time provide accurate information for production planning.

Provide support and oversight across all sampling departments to include patterns, cutting, QC, sampling making, procurement etc.

**Qualifications:**

Relevant bachelor's degree.

Minimum 8 years experience working within the garment industry.

Must have an understanding of manufacturing, textiles, and garment construction.

Ability to work alone as well as in a team.

Be able to work under tight deadlines and cope with pressure.

Demonstrate an understanding of pattern cutting, construction, and manufacturing techniques.

Technical knowledge gained preferably within a fast-paced commercial or supplier environment.

Flexible approach to be able to adjust to the constantly changing needs of the business.

Exceptional eye for technical detail to consistently ensure the correct documentation is used and followed.

Applied technical knowledge of fabrics and threads.

Highly organized with good prioritization skills

Confident and clear communication skills; both verbal and written.
