Location: Kenya

Category: other-general

Job Description

(adsbygoogle = window.adsbygoogle || []).push({});

Superior and unrivalled support for our LPG customers. This covers areas of installations and conversions, safety audits on your premises, bespoke LPG solutions to fit your requirements and give best value, maintenance and support to ensure all runs smoothly. Maintenance & Support We ensure that your equipment is in good working condition to enable you to run your operations with minimum disruptions. Prompt support whenever you need it to ensure that you are always running at desired levels. Bespoke LPG Solutions Do you require a custom, built to order LPG solution? We will work with you to come up with the solution that best fits your requirements as we understand a 'one size fits all' solution is not always the best solution. Safety Audits We offer you specialised safety audits both above and below ground (LPG pipe-works and Tanks), giving you peace of mind and allowing you to run your business with the confidence of knowing you have complied with safety and environmental standards. Installations & Conversions We will perform installations of LPG equipment on your premises (tanks, pipes, etc) and also aid with converting your current operations to a bespoke LPG solution that will get you running effeciently in the least time possible.

Qualifications

certificate in arc welding/ grade I/II or III

Two years experience working as a welder
