Internship Opportunity: Power Automate & SharePoint Specialists with Dataverse Expertise

Join the Vanguard of Our Fresh Startup's Journey

Location Remote

About Us:

We're an emerging and ambitious startup based in Latvia, poised to make a significant impact in IT recruitment. As part of our exciting growth phase, we're offering internship positions for **Power Automate & SharePoint Specialists** with an interest in Dataverse, ready to contribute to our digital transformation efforts.

What We Offer:

Remote Work Flexibility Embrace the convenience of working from anywhere, offering both time and cost savings.

Flexible Hours: Commit to 40 hours per week on a flexible schedule, with weekend work options available.

Technological Edge: Dive deep into the latest Microsoft 365 technologies, including AI, and gain practical experience.

Economic Consideration: While starting compensation is modest, our model provides considerable cost savings and a balance between work and life.

Growth Opportunity Engage with our startup at a pivotal time and play a key role in our

journey and success.

Your Role:

Join us as interns in the role of Power Automate & SharePoint Specialists. Your work will be crucial in automating processes and pushing forward our digital transformation initiatives.

Key Responsibilities:

Onboarding and Offboarding Process Management: Utilize Power Automate and SharePoint Lists to streamline and secure the onboarding/offboarding experiences.

Process Automation: Implement and optimize various business processes to enhance operational efficiency and productivity.

Your Expertise:

Basic proficiency with Power Automate, SharePoint Lists, and Microsoft Dataverse.

Some experience in Power Automate, ideally through projects, coursework, or previous internships.

Ability to think strategically and work collaboratively in a startup environment.

Open to All Talents:

Aspiring Interns: Passionate about Power Automate and seeking practical experience? This internship is designed to develop your skills further. We encourage applicants with less experience but a strong desire to learn and grow in this area.

Join Our Vision:

This internship presents a chance to be part of a pioneering team within HR technology. If you're enthusiastic about innovation, flexible remote work, and are looking to kickstart or advance your career in Power Automate & SharePoint with a focus on Dataverse, we want to hear from you!
