

## Investment Manager at Old Mutual Kenya

[Apply Now](#)

Company: JobWebKenya

Location: Kenya

Category: other-general

### Job Description

Old Mutual Kenya is based in Nairobi and is part of a larger group that offers solutions in long-term savings, asset management and investment. We offer solutions to individuals and corporates underpinned by our core values which are: Respect, Integrity, Accountability and Pushing beyond boundaries.

### About Job

African Infrastructure Investment Managers (Pty) Ltd (AIIM) is seeking a talented individual to join the pan-African Investment team to support AIIM's Investment Directors and Principals across all aspects of the investment function including transaction origination, deal execution and asset management.

### Responsibilities

#### Investment process management and transaction execution:

Responsible for investments within the team and be able to evaluate, structure and execute investment opportunities

Lead due diligence processes with guidance from senior team members

Perform valuations and sensitivity analysis

Perform risk analysis and review financial statements

Support senior team members in the negotiation of transaction and project documents

Oversee bid documents in tender submissions

Consideration of environmental and social risks

### **Financial modelling:**

Independently perform comprehensive company valuations leveraging the junior team members

Review, run and adapt deal financials models

Guide and provide oversight to junior team members on financial modelling tasks

Train and mentor junior team members with regards to financial modelling

### **Investment papers and Investment Committees:**

Compile investment papers with guidance from senior team members and support from junior team members

Present deals to Investment Committees together with senior team members

### **Asset management:**

Track asset performance against original projections

Structure and execute value-enhancing initiatives

Engage with portfolio company management

Participate in and contribute to board and sub-committee meetings

Revalue existing assets on a semi-annual basis for portfolio valuations

Monitoring and reporting on environmental and social performance of the assets

### **Transaction origination, fund-raising and profile-raising:**

Build and maintain strong relationships with counterparts

Contribute to marketing documents and engage with potential investors

Attend and speak at industry conferences

Project-related travel for site visits, deal negotiations and industry conferences

### **Requirements**

## **Experience and Core Competencies**

An Honours Financial, Legal or Engineering degree

Excellent financial modelling skills

6-8 years of M&A experience (preferably bulge bracket investment banks)

Transaction experience in Africa preferred but not essential

The following sector expertise is advantageous: Renewable energy  
Digital infrastructure (fibre, data centres, telecoms towers)  
Mobility and logistics (ports, multipurpose logistics, temperature-controlled logistics, roads)

Project/process management – ability to run M&A processes with limited guidance (from hiring of advisors through due diligence engagements to transaction execution)

Financial acumen – the capacity to demonstrate knowledge of and insight into financial principles and processes and identify inconsistencies in data

Ability to apply sound business judgment and an analytical, pragmatic and creative approach to problem solving

Good understanding of transaction documentation (SPAs, SHAs etc)

Ability to plan and prioritise effectively and meet deadlines

Commercial orientation

Excellent verbal and written communication skills in English

Very strong attention to detail and history of academic excellence

## **Personality Attributes**

Flexible & dynamic – self-motivated, results-driven, ability to deal with change

Excellent intellectual & conceptual abilities

Resilience

Excellence orientation (concern for high-quality work) – follow-through; the motivation to ensure the highest standards of quality and productivity are consistently maintained

Invests high levels of energy in work

Outcome focused

Team player

Willingness to teach and learn

Passionate about Africa
