Location: Kenya

Category: other-general

Job Description

Braeburn Schools is a group of 16 co-educational international schools spread over 9 campuses providing world class teaching of the British National Curriculum and GCE A-Levels to over 3, pupils. Our schools actively value and celebrate diversity, nurturing personal growth by providing a friendly and supportive environment.

Teaching environment

English is the language of instruction, we have small class sizes, motivated students and high standards. Our vision is to develop confident individuals, responsible citizens and learners enjoying success.

We have a friendly, caring and supportive environment, with excellent support staff and facilities; empowering our teachers to in turn create an exceptional learning environment for the students. With a community of nearly different nationalities and cultures, we are proud to call ourselves international in every sense, as working in a diverse multicultural environment offers the opportunity to broaden knowledge and experience.

Supporting our teachers

We offer a comprehensive professional development programme, with many local and international providers. We strive to identify potential in our staff and offer the appropriate training including both InSeT and leadership programmes, and back this up by actively promoting staff within the group. We also have links to a number of universities, both local and overseas; we are the local provider of the International Post Graduate Certificate of Educational (PGCEi) through the University of Nottingham.

We belong to both the Kenyan and Tanzanian international schools associations, which allows for further opportunities for training and the sharing of good practice.

Outside the classroom

Our schools are located in international hubs. The opportunities for sport, socialising and travel are extensive, with white sandy beaches, game parks and Africa's highest mountains all within easy reach.
