Job Description

(adsbygoogle = window.adsbygoogle || []).push({});

We take pride in our highly qualified professionals who deliver our mission every day, translating their knowledge and expertise to internationally compliant practices in healthcare provision. Courtesy, consideration and unreserved respect towards our patients' privacy, dignity and confidentiality has time and again helped us earn their trust and goodwill. Our dedicated nursing staff provides professional care within a friendly and comfortable environment, ensuring that being in hospital is a more pleasurable and less anxious time for our patients and their families. We take pride in our highly qualified professionals who deliver our mission every day, translating their knowledge and expertise to internationally compliant practices in healthcare provision.

REF: TNH/HRD/PT/04/

SUMMARY

The overall purpose of this job is to carry out in-depth physiotherapy assessment, treatment, review and evaluation of patients in collaboration with healthcare workers and caregivers and in line with established protocols and the Hospital's patient care objectives

ROLES AND RESPONSIBILITIES

Carry out comprehensive subjective and objective patient assessments to develop hypothesis of the patient condition;

Examine radiological images including X-Rays, MRIs, CT-scans, and ultrasound scans as well as laboratory reports to validate clinical findings;

Set and/or review short and long-term treatment goals in consultation with the patients, family members and caregivers;

Design and explain treatment plan or plan of care to patients in line with the set treatment goals;

Administer physiotherapy interventions in line with plan of care which include but not limited to educating patients on findings, modification of movement, manual techniques and hands-on alterations;

Evaluate patients using physiotherapy outcome measures to assess the impact of the treatment plan;

Prepare discharge plans for inpatient and outpatient basis and provide homecare programs for patients to ensure continuity of treatment;

Undertake periodic patient reviews to assess patients' progress;

Prepare periodic patient progress reports to doctors, caregivers, patients, patient employers and insurance companies for proper facilitation;

Fabricate, fit and sell physiotherapy items to patients in line with the patients' needs;

Ensure health and safety of patients and colleagues in the use of physiotherapy equipment in line with established health and safety guidelines;

Report any malfunctions on physiotherapy equipment to maintenance department and follow up with maintenance department for repairs and maintenance; and

Any other responsibilities that may be assigned to the job holder by the supervisor from time to time.
