### Job Description

(adsbygoogle = window.adsbygoogle || []).push({});

CAP-Youth Empowerment Institute Kenya (YEI) is a non government organization started in committed, to train youth out of school in job entry level skills. This training is operationalized using the Basic Employability Skills Training (BEST) model.

#### **The Private Sector Engagement (PSE) Specialist will;**

Shape the USAID Employment Pathways for Youth approach to private sector engagement and partnerships to maximize programmatic impact and sustainability.

Identify opportunities for employer partnerships; develop and implement strategies for TVET engagement with the private sector; and build the capacity of TVET institutions to establish effective and sustainable partnerships.

#### **At minimum, the PSE Specialist shall have:**

A Bachelor's degree in a relevant field such as social sciences, business or international development from an accredited institution; or commensurate experience as a private sector engagement specialist in Kenya;

Experience working in the private sector or a demonstrated understanding of private sector engagement principles and ability to develop a vision for both private sector and education sector alignment to support demand driven technical training;

Five years of relevant and progressively increasing responsibility developing and

maintaining strategic relationships between public and private sector partners and growing those partnerships;

Demonstrated success working with senior private sector partners, national ministry, donor partners, and international organization partners;

Demonstrated track record of working in teams and fostering partnerships; and

Ability to write, communicate, and present fluently in English.

**Additional skills:**

Progressively responsible experience managing complex donor-funded projects, preferably USAID-funded projects; and

Minimum of three years of supervisory work experience, including direct supervision of technical and/or non-technical (support) staff
