Company: JobWebKenya

Location: Kenya

Category: other-general

### Job Description

We deliver open source to the world faster, more securely and more cost effectively than any other company. If you're interested in a career at Canonical, we are a remote-first company so please apply to any suitable role as skills are valued more than location, despite some having a preferred geographic preference.

#### We value:

Experience in a product marketing function for enterprise or developer products  
Passion for Ubuntu, Linux and open source

The discipline and creativity to build successful go-to-market strategies

Personal engagement with users and customers

Excellent verbal and written communication skills: strong content marketer

Excellent academic results, with Bachelor's or equivalent in Business, Marketing, or STEM

Commitment to continuous learning, feedback and improvement

Engagement with the latest marketing and martech practices

We expect members of the Canonical marketing team to be excellent communicators who are at ease working with a complex mix of engineers, product managers, sales representatives and executives. They should also be able to translate complex value propositions into simple messages and awareness journeys.

## What We Offer

An opportunity to work on an iconic IT product portfolio

Influence in the open source and Ubuntu community

An inclusive work environment

Learning and development

Annual compensation review

Recognition rewards

Annual leave

Priority Pass for travel
