

Project Manager - Civil

[Apply Now](#)

Company: Burhani Engineers

Location: Nairobi

Category: business-and-financial-operations

Job Description

Responsible for overseeing the construction of commercial buildings, ensuring projects are completed on time, within budget, and to the highest quality standards.

Qualifications

Project Planning and Execution:

Develop comprehensive project plans, including scope, schedule, budget, and resource allocation.

Coordinate and oversee all phases of the construction process, from pre-construction to project closeout.

Ensure adherence to project timelines and milestones, and proactively identify and address any issues or delays.

Stakeholder Management:

Serve as the primary point of contact for clients, architects, engineers, subcontractors, and other project stakeholders.

Foster positive and collaborative relationships with stakeholders to ensure project

success and client satisfaction.

Communicate project progress, updates, and potential risks to stakeholders in a clear and timely manner.

Resource Management:

Manage project resources, including labor, materials, equipment, and subcontractors, to optimize efficiency and productivity.

Conduct regular site visits and inspections to monitor progress, quality, and safety standards.

Implement effective risk management strategies to mitigate project risks and ensure a safe working environment.

Quality Assurance and Compliance:

Ensure compliance with all relevant building codes, regulations, and industry standards.

Implement and maintain quality control measures to uphold the highest standards of construction excellence.

Conduct regular quality inspections and audits to identify and resolve any deficiencies or non-conformities.

Financial Management:

Monitor project budgets, expenditures, and financial performance to ensure profitability and cost-effectiveness.

Prepare accurate and timely project cost estimates, forecasts, and reports.

Identify opportunities for cost savings and value engineering without compromising quality or safety.
