Experience with program design, co-creation, policy planning and implementation, and capacity strengthening.

Experience working in the region is required; experience in Feed the Future countries is preferred.

Demonstrated ability to work and coordinate effectively with a wide variety of stakeholders including USAID DC-based team, senior Mission personnel, embassy officials and other local in-country stakeholders.

Experience with stakeholder mapping, building dialogue through multi-sector forums, government engagement and buy-in.

Bachelor's degree in international development, engineering, environmental policy, climate

change adaptation, political science, sociology, economics, statistics, business, public administration, organizational development, communications, or related field.

Excellent interpersonal, communication, and leadership skills.

Ability to multi-task and strong teamwork skills.

Fluency in written and spoken English and French required.

Professional competency in another regional language is desired.

This position will be based in the region, preferably Nairobi or Addis Ababa.

This position is full-time (100%) and reports to the Deputy Project Director – Technical for CACCI.

### **Responsibilities**

Maintain oversight of and coordinate CACCI activities in Africa.

Ensure close coordination with and leveraging of other relevant initiatives, including USAID private sector engagement and NAPs and NDC global support mechanisms.

Provide geographic knowledge and technical support to project staff and partners.

Collaboratively create and implement a strategic, long-term programmatic vision for CACCI in Africa.

Ensure clear communication with USAID and stakeholders about project activities and accomplishments.

Interact directly and on a regular basis with USAID to coordinate program direction and ensure strategic alignment, collaborative learning, and successful adaptive management.

Work with the USAID Missions across Africa as well as local actors to co-design Mission buy-ins.

Leverage regional cooperation to promote the development and implementation of NAPs and NDCs.

Directly support capacity strengthening work to support target countries in designing,

implementing, and monitoring their Paris Agreement obligations.

Ensure close coordination with and leveraging of partners' capabilities and other relevant initiatives, including USAID private sector engagement and NAPs and NDC global support mechanisms.

Ensure clear communications with clients and stakeholders about project activities and accomplishments.
