Company: JobWebKenya

Location: Kenya

Category: architecture-and-engineering

Job Description

Rural Electrification and Renewable Energy Corporation (REREC) Following the enactment of the Energy Act , Rural Electrification Authority (REA) has now changed to Rural Electrification and Renewable Energy Corporation (REREC). REREC has an expanded mandate of spearheading Kenya's green energy drive, in addition to implementing rural electrification projects.

GRADE REREC 5

Job Specification

Coordinating preparation of annual Departmental Performance Contracts;

Implementing policies and programmes on power system designs;

Ensuring Preparation of Purchase Requisition (PR)for designed projects;

Monitoring and evaluating the implementation of Construction Contracts;

Participating in annual review of the REREC projects plan;

Supervising of construction of all REREC grid projects;

Ensuring that records of all grid projects constructed in the country are properly kept both at the Regional office and head Office;

Ensuring projects information is updated from time to time;

Preparing the weekly projects reports;

Providing completion certificates for completed projects;

Ensuring timely delivery of projects;

Providing technical advice and guidance on matters pertaining to construction of distribution and transmission lines as necessary;

Participating in formulation of power system design standards and ensure they are adhered to;

Coordinating supervision and provision of technical expertise to contractors;

Verifying technical reports, designs and estimates for projects;

Ensuring all construction works conform to the approved standards;

Developing clear procedures on the preparation and issuance of stores requisition forms (STF); and

Liaising with other departments/sections of the Corporation on specific issues.

Person Specifications

For appointment to this grade a candidate must have:-

A minimum of four years relevant work experience;

Bachelors degree in Mechanical, Electrical, Electronic, Civil Engineering, or its equivalent from a recognized institution;

Registered with the Engineers Board of Kenya;

Certificate in supervisory course lasting not less than two weeks;

Shown merit and ability as reflected in work performance and results;

Proficiency in computer applications; and

Fulfilled the requirements of Chapter Six of the Constitution
