Job Description

(adsbygoogle = window.adsbygoogle || []).push({});

The University of Nairobi, a body corporate established under the Universities Act of the laws of Kenya and the University of Nairobi Charter, is the pioneer institution of University education in Kenya and the region. The only institution of higher learning in Kenya for a long time, the University of Nairobi responded to the national, regional and Africa's high level manpower training needs by developing and evolving strong, diversified academic programmes and specializations in basic sciences, applied sciences, technology, humanities, social sciences and the arts.

AC/5/53/23

Applicants must have

An applicant must be a holder of an earned PhD in any of the following areas: Petroleum Geology, Sedimentology, Stratigraphy, Paleontology and palaeoclimate, Exploration Geology plus a Masters degree in a Geology discipline or Environmental Governance and Management, Natural Resource Management and in allied fields, with specialization in Forest Governance, Agro-ecosystems management, Rural livelihoods and Environment, Economics of Natural Resources, Environment Policies and Legislations plus a Masters degree in an Environmental Sciences/Studies discipline or Hydrometeorology, Physical and Environmental Meteorology, Climate Change, Agrometeorology Plus a masters in a Meteorology discipline from a University recognized by the University of Nairobi Senate.

He/she must also have a minimum of three years University teaching experience at Lecturer or Research Fellow level OR a minimum of six years of industry experience in the relevant field.

The applicant must have supervised to completion a minimum of one PhD and one Masters Student OR a minimum of three Masters Students.

He/she must have a minimum of twenty four publication points from peer reviewed journals with; a minimum of four publications in refereed scholarly journals since last promotion OR a minimum of two publications in refereed
