Company: JobWebKenya

Location: Kenya

Category: computer-and-mathematical

### Job Description

The new NCBA has harnessed the power of both NIC and CBA to create a bank that brings together the best of both worlds from cutting edge mobile banking to good old-fashioned relationship management; from scalable business banking to financial services that grow as your business does; from best-in-class choice of products to investment solutions tailored to your specific needs.

### Job Purpose Statement

The Senior Manager, APP Development role is to plan, organize, and manage staff and overall operations that facilitate the design, development, maintenance and management of the banks cross-platform customer service channels including Mobile App (Android/IOS). This includes managing a team in developing, maintaining, supporting, and optimizing the platform and any other any integrations to third-party systems. The role delivers business strategy by providing reliable, user friendly and platform independent customer access point to bank services.

In collaboration with external vendors, system experts and information security experts the Senior Manager, APP Development will schedule and direct activities to implement business changes in the APPs and resolve service problems in a timely and accurate fashion.

The role requires prototyping skills, excellent interpersonal skills, the ability to guide and lead an agile team, to manage competing priorities, design solutions as part of a larger roadmap and to be hands on in supporting implemented technologies as well as new

technologies.

### **Ideal Job Specifications**

Experience working with RDMS – Oracle, MySQL and Microsoft SQL

Six years' experience in Mobile APP Design and Development in medium to large organizations using C# and Flutter.

Three years in a supervisory role.

Working experience in a bank or other financial services organization.

Experience in Management of Support Contracts, RFP's and Third party support providers.

Experience working with T24 core banking system will be an added advantage
