### Job Description

(adsbygoogle = window.adsbygoogle || []).push({}); At Living Goods we empower people to improve the health of their families, friends and communities. Living Goods supports networks of 'Avon-like' health entrepreneurs who go door to door to teach families how to improve their health and wealth and sell life-changing products such as simple treatments for malaria and diarrhea, safe delivery kits, fortified foods, clean cook stoves, water filters, and solar lights. By combining the best practices from business and public health, we are dramatically lowering child mortality AND creating livelihoods for thousands of enterprising women. Living Goods supports a network of over 2, micro-entrepreneurs in Uganda and Kenya who teach families in their communities how to improve health and well-being while selling affordable, high-impact products like basic medicines, fortified foods, water filters, clean cook-stoves, and solar lights. As part of the Branch Team, you will play a key role in supporting Community Health Volunteers (CHVs) to deliver high quality health care to their communities and generate sales of critical products.

### Purpose of the role:
