Triibe is a dynamic and innovative fintech company based in the heart of Edinburgh. We specialize in leveraging technology to revolutionize the finance industry. Our team is comprised of talented individuals who are passionate about pushing the boundaries of technology to create exceptional user experiences.

We are seeking a highly skilled Senior React Native Mobile Engineer to join our team. As a Senior React Native Mobile Engineer, you will be responsible for designing and developing robust, scalable, and high-performance mobile applications for both iOS and Android platforms. You will collaborate closely with cross-functional teams to translate business requirements into technical solutions and drive the development process from concept to deployment.

Responsibilities:

- Architect, design, and develop mobile applications using React Native framework.
- Collaborate with product managers, designers, and other stakeholders to define project requirements and deliverables.
- Write clean, maintainable, and efficient code following best practices.
- Conduct code reviews and provide constructive feedback to other team members.
- Troubleshoot and debug issues to ensure optimal performance and user experience.
- Experience with automated build processes and CI/CD pipelines.
- Stay up-to-date with the latest trends and technologies in mobile development.

Requirements:

- Proven experience developing mobile applications using React Native.

- Strong proficiency in JavaScript and related libraries/frameworks (e.g., React, Redux).
- Experience with native mobile development (iOS/Android) is a plus.
- Solid understanding of mobile app architecture, UI/UX principles, and design patterns.
- Familiarity with RESTful APIs and other web services.
- Excellent problem-solving and communication skills.
- Ability to work effectively in a fast-paced, dynamic environment.

Benefits:

- Competitive salary
- Flexible working hours
- Remote work options
- Pension plan
- Career development opportunities
- Friendly and collaborative work environment
