DT Global, built on more than 50 years of experience from AECOM International Development, Development Transformations, and the Global Peace and Development (GPD) Charitable Trust, applies ingenuity, evidence, and passion to everything we do. Grounded in decades of technical expertise and leadership around the world, we incorporate rigorous learning and assessment in our program design process to ensure that we stay on the cutting edge of thought leadership. Our technical experts work in partnership with communities and institutions to deliver innovative, data-driven solutions that create sustainable change and improve people's lives.

### About You

#### Core competencies required are:

Master's degree in a relevant field such as public administration, international development, or business administration from an internationally accredited institution

Minimum of 10 years of experience designing and implementing institutional strengthening programs, preferably in developing countries

Technical knowledge of the transport sector in Kenya, including policies, regulations, and best practices.

Proven experience leading and managing teams of experts in complex projects.

Strong knowledge and experience in areas such as governance, leadership, strategic planning, financial management, and human resource management

Strong interpersonal skills and the ability to build and maintain relationships with relevant stakeholders.

Monitoring and evaluation skills to ensure compliance with project objectives.

Cross-cultural competence to work effectively in a multi-cultural environment.

Excellent communication and report-writing skills

Proficiency in English, with excellent writing and presentation skills.

Experience working with international development organizations or donors, such as WB, USAID, DFAT, MCC, FCDO, EU, AfDB and ADB is an advantage.
