Company: JobWebKenya

Location: Kenya

Category: other-general

### Job Description

(adsbygoogle = window.adsbygoogle || []).push({}); Light for the World is an international disability and development NGO aiming at an inclusive society. The organisation currently supports more than projects in 20 countries and 2 regions throughout Africa, Asia, Latin America, and Oceania dedicated to the restoration of eyesight, prevention of blindness, rehabilitation of persons with disabilities, inclusive education and promotion of their human rights.

### Your tasks

**Strategic Advice:** You shape the development of global and country level strategies, policies, plans and projects in providing relevant advice on disability inclusive humanitarian action, as well as develop and update the humanitarian action policy and thematic annual workplans.

**Representation & Advocacy:** You participate in international fora on humanitarian action to expand the network of Light for the World in the humanitarian action field. Represent Light for the World and secure our reputation as a leading expert in the field by providing expert views and developing advocacy efforts.

**Capacity Development:** You build capacity of Light for the World staff and partners on new strategies in inclusive humanitarian action. You engage with the work of external consultants on humanitarian action and support the implementation of quality assurance mechanisms at all levels.

**Programme Development, Innovation & Evidence-creation:** You inspire, co-create and develop innovative projects for the further advancement of the body of knowledge on disability inclusive humanitarian action, establishing added value by Light for the World. You explore and develop innovative ways of working to improve the participation and inclusion of people with disabilities.

**Learning & Information sharing:** You stay up to date with developments in the humanitarian action sector and cultivate innovation within the humanitarian action sector and at Light for the World.

### **Your profile**

You bring professional experience in the fields of Humanitarian Action and Disability Inclusion. You have a good understanding for the UN system and the most important actors in the mentioned fields.

You are familiar with the tools and standards and know the most important decision makers and networks.

You are experienced in setting up strategies and encouraging innovation. You bring expertise in training, developing tools and adapting trainings to the needs of your audience for the sake of inclusiveness.

You have a hands-on approach, proactive personality and are strongly motivated. You are solution oriented and bring excellent organizational skills. You are flexible and can adapt to various audiences and partners.

You bring readiness for international travel up to 20%.

You have excellent English skills; Other languages, e.g. German, French or Portuguese are an asset.

You bring interest in Light for the World's mandate area and identify with our values.

### **Our offer**

an outstanding opportunity to bring about change through an international development organization and to extend your professional experience

a highly motivated, professional and diverse team that strives towards continuous

development. We believe in participatory leadership and expect you to contribute your expertise and ideas.

a competitive salary for the NGO sector, incl. full social insurance & other benefits

flexible working hours with remote working options

a friendly, dynamic and inclusive working environment
